NexGen Consultants
665 Balbriggan Court
Cincinnati, OH 45255

Dear Matt,

It is my pleasure to recommend NexGen Consultants as a Salesforce Implementation Partner. We employed NexGen to customize the Salesforce to better match our specific Private Equity needs. Elise Pottinger worked with us to enhance the application to better support the following key objects in our application:

- Fund Raising
- Deals
- Funds

We also implemented the Outlook Synchronization and worked very closely with Elise to setup the contact synchronization to minimize/eliminate duplicate contacts from being created. We are very glad that NexGen helped us think through the synch process otherwise we would have a lot of unhappy users with duplicate contacts.

NexGen has been an outstanding partner and we look forward to having your continued support with Salesforce.

Sincerely,

Catherina A. Nally
