

NexGen,

Now that our initial project is nearly over, I wanted to share that it was a great overall experience. Paul Stephens and Matt Mountain were knowledgeable about what the Salesforce platform had to offer. We often had to have answers quickly and efficiently, and Paul was able to do that for us. The NexGen team was flexible in working with our schedules and priorities. Without Paul's help with the template we would not have nearly as much functionality out of the product as we now have.

It is obvious that Paul and Matt try to exceed expectations; this was proven and appreciated when they provided an extra training session to meet the needs of our company and the travel schedules of those required to be a part of the training.

We would definitely recommend NexGen to our colleagues looking for a similar service and to deploy Salesforce.com. Thanks again to everyone that helped in this project!

Sincerely,
