Matt Mountain  
NexGen Consultants

Dear Matt:

We want you to know that we are very pleased with the quality of work your company provided. I had the pleasure of working with Maureen Eckert on our recent Salesforce.com Integration project. Maureen worked closely with us to document and build our integrations between Salesforce.com and our third party ERP software, FDM4. Working with our IT team, we are now using Jitterbit to integrate Accounts and Contacts from Salesforce to FDM4. The process is executed every 2 minutes (Accounts) and each night (Contacts). It is a two-way integration between these two systems.

We sincerely appreciate your responsiveness and the way you conduct business. We are happy to recommend NexGen to others because of our satisfaction with your service. We look forward to doing business with you again in the future.

Sincerely,
