Dear Matt,

We just completed our Salesforce project with your consulting firm and I'm writing to commend the work of Justin Davis. As you know, we contracted with NexGen to integrate Quickbooks with our existing Salesforce system. Justin facilitated this using DBSync QuickBooks Integration for Salesforce and configured the integration to meet our particular business needs.

Overall, Justin was professional and very knowledgeable – he listened to our goals and objectives and helped us achieve them.

Our project was a success and we are happy to recommend the services of NexGen Consultants as a Salesforce Implementation Partner.

Sincerely,
