To Whom It May Concern:

We are writing this letter to express our satisfaction with the services provided by NexGen Consultants. NexGen was our chosen implementation team for the Salesforce CRM application, and was contracted to customize the private wealth management template to fit our specific desires at Steadfast. Donald Hampton placed our project in the hands of a very energetic and helpful project manager, Gretchen Allnut, to tailor the Salesforce space to fit our business.

The implementation of Salesforce could not have been done without NexGen. They are quick to help, respond, and took close care in understanding our needs. We are very pleased with the whole team, as they were easy and enjoyable to work with. NexGen even banked some future and ongoing support as needs arise.

The NexGen team was instrumental in the successful completion of our project. We are impressed with the commitment and professionalism shown by the entire team.

Sincerely,

Matt McGahey
