Dear Matt,

Now that our Salesforce.com project is complete, I wanted to thank you for all of your help in making our project a success. As a Wealth Management company that was migrating from Goldmine, we knew that data migration could be challenging. However, your group was able to walk us through the steps to customize and accurately transfer our client data.

Thanks again for all of your help. We look forward to continuing our relationship as we expand our usage of Salesforce.com.

Best regards,

A handwritten signature in black ink, appearing to read 'Derek Ripp', with a long, sweeping flourish extending to the right.
