Randy Davis
NexGen Consultants, Inc.

Dear Randy,

We would like to commend the NexGen team for what turned out to be an exceptional project. Cardinal Nuclear Pharmacy Services (NPS) engaged NexGen to deliver a Salesforce.com based solution to support multiple areas: sales force automation, contracts administration and administration of an NPS software implementation. The solution needed to be integrated across all areas to achieve the full value of a seamless solution spanning Sales and Operations.

NexGen delivered the solution on time, on budget and exceeded our expectations. The solution is relied on heavily by Sales, Sales Management, Operations and Executives for day to day management of the NPS business. The application has been successfully adopted by approximately 350 users.

We relied on NexGen for the overall design of this solution as well as the development and ongoing support. NexGen Consultants have proven to be very reliable, responsive and above all extremely knowledgeable about the Salesforce.com platform.

NexGen Consultants has been a pleasure to work with. We highly recommend NexGen Consultants to anyone considering implementing Salesforce.com in any capacity.

Sincerely,

A handwritten signature in black ink, appearing to read "Pete Burke", followed by a comma.
