NexGen Consultants

Dear Matt:

We want you to know that we are very pleased with the quality of work you and your team provided for us during our recent Salesforce implementation. The NexGen team was great to work with from the start. Maureen Eckert took the time upfront to understand our requirements and quickly recommended modifications to Salesforce that would address our specific needs. Specifically, she implemented systems for prospecting for new clients as well as activity and contact management.

Maureen was quite knowledgeable and kept the project moving to adhere to both our predetermined timeline and budget. Thanks to NexGen for making this engagement so painless!

We are happy to recommend NexGen to others because of our satisfaction with your service. We look forward to a continued relationship with your company in the future.

Sincerely,
