President  
NexGen Consultants

March 16, 2016

Dear Matt,

We are pleased to recommend the work of your company, NexGen Consultants, as a Salesforce implementation partner. Elise Pottinger was the consultant we worked with on our projects. She was able to set up two factor authentication that bypasses the requirements when we are at an approved office space. NexGen is very experienced at developing extremely useful and intuitive salesforce applications. More importantly they work to understand the business processes and have improved on several occasions our initial ideas.

Elise was very responsive and attentive and managed the entire process well. Again, thank you for a job well done. I would not hesitate to recommend you as a Salesforce partner and resource.

Sincerely,

Gabrielle Contesti
