

April 14, 2010

Dear Randy,

I would like to commend you on your Salesforce.com knowledge and the help you provided us on Salesforce.com's Wealth Management Template. We were recommended to you by Salesforce.com, and then hired you to help us refine our security model, set up new Record Types and provide ongoing support. We were very satisfied with the results.

I would highly recommend your organization to other Wealth Management companies looking to use Salesforce.com.

Respectively,

A handwritten signature in black ink that reads "Jeff Foley". The signature is fluid and cursive, with the first name "Jeff" being more prominent than the last name "Foley".
