Doug Doherty
NexGen Consultants

Dear Doug,

I am writing to recommend the excellent work done by NexGen Consultants on several recent projects. In particular, Justin Davis served as our consultant and displayed a high level of professionalism, experience and commitment to quality.

Your organization understands Salesforce and finished our projects in a timely and efficient manner. The end result was to provide us with an excellent tool in Salesforce. Please consider this letter as a recommendation to other clients looking to implement or configure Salesforce.

Sincerely,

A handwritten signature in blue ink that reads "Tonya M. Coon".
