May 18, 2011, 2011

Dear Matt,

We would like to thank you for the great consulting work that Kristen Crane provided for us. Everyone we dealt with from NexGen was professional, courteous and above all knowledgeable about the Salesforce.com platform. Our implementation of Salesforce.com was very easy.

As a Healthcare provider, we were excited that NexGen had previous experience in building Physician Relations applications for other Healthcare providers. That experience was beneficial in getting our application built quickly.

Customer service is clearly a top priority with NexGen and that is obvious when you work with them. I highly recommend NexGen to any healthcare providers doing any work with Salesforce.com.

Thank you,

Karen Lynn
Saint Joseph's Hospital
Physician Services Manager
