Dear Keith,

We recently completed our Salesforce QuickStart implementation with NexGen. It is with well-earned respect that I recommend NexGen Consultants for organizations looking to implement Salesforce in a rapid and effective manner. We had the pleasure of working with Maureen Eckert as our Project Manager who was extremely responsive and attentive. From our initial discussions outlining our needs with you, partnering with Maureen during our implementation, our transition to Salesforce was quick and seamless.

Our project included migrating Account and Contact data from Excel. Maureen built reports and dashboards for us and trained our end sales users. We feel that St. Rita's Medical Center has found a true consulting partner in NexGen and we look forward to your continued support.

Sincerely,
