Doug Doherty
NexGen Consultants
8522 Ivy Trails Drive
Cincinnati, OH 45244

Dear Doug,

It is my pleasure to thank you and recommend NexGen as a Salesforce consultant. We have worked with NexGen extensively, including an implementation on our manufacturing side last year, additional projects and enhancements and we are now getting ready to implement the Healthcare side at the end of November. We have worked directly with Maureen Eckert on our projects. She has been dependable, responsive and easy to work with. In addition, she was very flexible and able to adjust to our needs as the projects moved along. In all, we have accomplished the following:

- Successful integration from SalesLogix
- Configuration of our new environments
- Set up integration with Salesfusion
- Set up integration with Eventbrite
- Training users on the system

NexGen took the time to understand our challenges and was very flexible when it came to changes we required throughout the process. Our projects have been completed in a timely manner and we are happy to recommend NexGen as a Salesforce.com partner.

Sincerely,

Doreen Stanley
Director of Marketing
TechSolve Inc.
